

# Fiscal Sponsorship Opportunities in Education

A fiscal sponsor is a nonprofit organization that teams up with community projects lacking tax-exempt status, managing their funds to support charitable endeavors while ensuring compliance with tax laws. This arrangement allows donors to make tax-deductible contributions to the project through the fiscal sponsor.

The R4DS Online Learning community is currently seeking a new fiscal sponsor. To aid in the search, let's have a look at organizations that sponsor projects in the field of education.

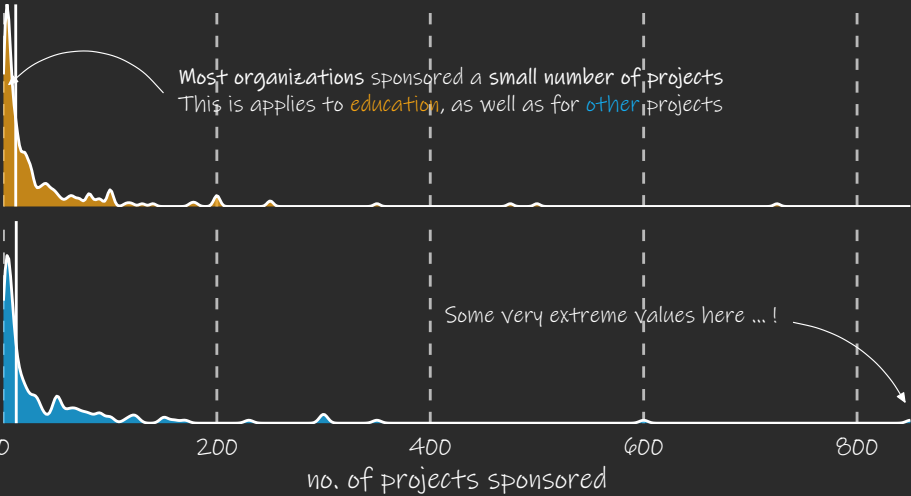

## How many possible Fiscal Sponsors?

There are currently 368 FS, of which 213 sponsor projects in education, and 155 in other sectors.

## Are there major players?

Most FS sponsor a small number of projects. Indeed, half of them has sponsored less than 11.5 or 12 projects so far (median). However, there are some very big outliers, with a few individuals FS having sponsored 100s of projects.

## Should you choose a younger or an older sponsor?

When exploring the relationship between number of projects sponsored and age (since establishment as 501(c)(3) charitable organization), we don't see a clear pattern.
